Personal details

Father Name: GOGULAPATI SASI KUMAR

Current Location:

Barampet, Narasaraopet, Andhra Pradesh

Technical Skills

Languages

C, PYTHON, JAVA

Operating System

Windows

Data Base

SQL

Web Technologies

HTML, XML, CSS

Education

Bachelor of Technology (B.Tech),

Tirumala Engineering College

2023 – 2027

8.79 CGPA Computer Science and Engineering

Intermediate, Board of Intermediate Education

2021 – 2023

94.7%

Secondary School Certificate,

Board of Secondary Education

2020 – 2021

GPA: 10

Languages

- Telugu
- English

Intrapersonal skills

- Attention to detail
- Adaptability
- Time Management

Hobbies

- Watching TV
- Listening Music
- Playing Games

Objective

Motivated Computer Science Engineering seeking a fresher opportunity to utilize Python programming, SQL basics, and problem-solving skills to deliver effective solutions while supporting organizational goals and continuous professional growth.

Projects

E-COMMERCE STORE

Developed an e-commerce store application with features like product listing, cart, and order management. The project involved implementing and testing core functionalities of the store. This helped me gain practical experience in real-world web application development.

SELENIUM WEB AUTOMATION

Completed a Selenium web automation project to automate test cases for web applications. I developed and executed automated scripts to validate functionality and user workflows. This project improved my understanding of automation testing and Selenium tools.

SOCIAL MEDIA PLATFORM

Developed a social media platform project with features like user registration, post sharing, and profile management. The project involved designing and testing core functionalities of the application. This helped me understand real-world web application workflows.

Certifications

- - Programming in C-Infosys Spring Board [2024]
- - Data Science-Board Infinity [2024]
- - Online Cloud Computing-Infosys Spring Board [2024]
- - SQL-Infosys Spring Board [2025]
- - HTML-Coursera[2025]
- - GenAI Powered Data Analytics Job Simulation [2026]

Interests

Coding practice on platforms like HackerRank, Learning new programming languages and technologies

Strengths

- Hard working
- Patience
- Willingness to learn

Internships

- Software Testing, [Code Tech]

Completed a Software Testing internship where I performed manual testing on web applications. I created and executed test cases and reported defects. This internship helped me understand testing processes and quality assurance.

- UI/UX Design [Code Tech]

Worked on UI/UX Design tasks such as wire-framing, proto Typing and accessibility evaluation.Gained hands on experience In creating user-friendly and visually appearing interfaces. It improved my understanding of user experience and modern of Design principles.

-Web Development [Code soft]

Web development in Code Soft involves building websites and apps. It uses HTML, CSS, and JavaScript to create designs and features. Backend tools manage and store data for users. Testing and maintenance keep the apps running smoothly.
